PETITION TO MAKE SPECIAL

Mail Stop: Petition
 Commissioner for Patents
 P.O. Box 1450
 Alexandria, VA 22313-1450

Applicant Ki Il Kim hereby petitions to make this patent application special under 37 CFR § 1.102(c) on the basis that Applicant is at least 65 years old.

As evidence of Applicant's age, Applicant submits herewith a copy of a Petition to Make Special and a Decision by the Patent Office on the Petition to Make Special previously submitted and decided in Applicant's related application, Application Serial No. 10/719,363. The current application is a divisional application of the 10/719,363 application. The copies of the Petition and Decision show that Applicant is 65 years or older as required by MPEP § 708.02(IV). Therefore, Applicant satisfies the requirements for a special application based on age.

Applicant notes that he previously submitted a Petition to Make Special when filing the current application on July 18, 2005. Apparently the petition was not acted upon, however, because there is no record of the previously submitted petition in PAIR.

Applicant respectfully requests that the current Petition to Make Special be granted in this application.

No fee is believed due. However, the Commissioner is hereby authorized to charge payment of any fees associated or required with this communication, or credit any overpayment, to Deposit Account No. **50-0337**.

Dated: August 11, 2006

Respectfully submitted,

DECISION ON PETITION
TO MAKE SPECIAL

This is a decision on the petition to make special filed February 15, 2005 under MPEP §708.02 (IV), applicant's age.

A petition to make special under MPEP §708.02, IV, must show that petitioner is 65 years of age, or more. Acceptable evidence includes a birth certificate, copy of a driver's license, or simply a statement by the applicant. No fee is required.

The petition includes a statement by inventor; Ki Il Kim, evidencing that he is over 65 years of age.

Accordingly, the petition is **GRANTED**.

The application will retain its special status throughout its entire prosecution, including any appeal to the Board of Patent Appeals and Interferences, subject only to diligent prosecution by the applicant.

The application is being forwarded to the examiner for expedited prosecution.
